

### I Joined the USA...

#### To connect with other union sportsmen

I joined the USA to connect with sportsmen of similar lifestyles and interests. The top benefit of the USA is interacting with others through the online forums to trade trips, get outdoor tips and find outdoor news in my state or others.

#### To share hunting and fishing stories and photos

I like to talk to people about hunting and thought the USA forums looked fun. I've found the USA to be diverse...lots of ideas and different thoughts. That's what keeps the world turning.

#### To enjoy money-saving discounts and other benefits

The USA is truly a club for union members who love to hunt and fish and show off what they caught or shot. I enjoy my magazine and think it's great that the USA is giving away a Triton Bass Boat to one lucky member.

#### To preserve our outdoor heritage for future generations

The USA offers many benefits. Most important to me is knowing the bond of union brotherhood extends beyond the workplace. As we united to ensure safe and fair working conditions, we should join together to protect the places we hunt and fish for our children.
